What is the philosophy of the club when it comes to playing time?

We understand how great the financial investment might be for some families. All athletes will receive as much playing time as fits into the dynamic of the team and into the strategy of a game. Coaches are human and understand the need and want to play in a game. Please judge the experience after many games and not just one. We try not to put winning before personal growth (except in tournaments that we have to qualify in).

No, you will need to book your ticket to California / Texas for JO's.

Does a parent have to travel with their child?

No, feel free to put your child on our flight and we will watch after them.

We will assemble a list of all flights to better track the arrival of all players.

The coaches will let the club know their flight details in case players want to fly with them.

Yes, we encourage all parents to travel with us! We will keep you up to date while the tournament is occurring. There is usually a great group of parents that travel to the games. Parents and friends energy is important at games.

No. All athletes must bring money for their own meals. We will attempt to book a hotel with free breakfast.

Hotels:

In order to keep costs down, we try to have no fewer than 3 and no more than 4 athletes per room. Parents are responsible for booking their own rooms.

Does an athlete have to stay in the athlete room?

No. An athlete may stay in his parents room.

Safety:

How do you know the athletes are safe?

All our coaches are Safesport certified. We try to be as open and communicative with all the athletes and all the parents in the club.

The club is working with a local advocacy center to give our coaches the training they need to help look for and listen to our athletes for any signs of abuse or neglect.

We will be continually working on ways to improve the safety of athletes and their families.

Help:

Are there opportunities to help at JO's?

We always need team van drivers, someone to secure team vans, someone to secure team hotels, some to buy coolers and pack them daily at JO's. We always need someone to organize all of the player flights.

You can also help by giving the club and any other potential parents and honest assessment of the club. We become a better club with your feedback.
